

Important Notice Regarding the New Administrator for the National Roofing Industry Pension Fund

The Trustees are pleased to announce, effective September 1, 2013, Wilson-McShane Corporation has been selected as the new Administrator for the National Roofing Industry Pension Plan (NRIPP) and the National Roofing Industry Supplemental Pension Plan (NRISPP).

Wilson-McShane Corporation (WMC) was founded in 1969 and provides stable, high-quality and responsible third-party administration services solely to Taft-Hartley negotiated benefit funds. Today WMC employs over 200 professionals and administers over 90 Taft-Hartley Funds throughout the United States. They provide a level of premium service that is unmatched in this industry and to this day continue to service their very first client.

WMC has been most successful at creating solid, long-lasting relationships, both internally and externally. Many of the professional staff members have over 30 years of experience and have been with Wilson-McShane for twenty years or more. A “core” of professionals has been with the firm since its inception. This experience and continuity of personnel speaks

forcibly to the internal strength, stability and integrity of the organization. Our members and local union officers can expect to work with the same processors, administrators and other professional staff members for years to come.

The NRIPP and NRISPP Funds will be serviced from WMC headquarters at:

National Roofing Industry Pension Fund

3001 Metro Drive, Suite 500

Bloomington, MN 55425

Toll Free: 800-595-7209

Phone: 952-854-0795

Fax: 952-854-1632

Website: www.nripf.com

In addition to the corporate office, WMC also services participants throughout the United States from branch locations in Duluth, MN; Kansas City, MO; Omaha, NE; Des Moines, IA; and Las Vegas, NV.

Service, respect and integrity are the values and philosophy which are imbedded within the organization and are key to the success of WMC's retention record. The difference the professionals at WMC bring to you is that they

take the time to listen, understand and respond to the Pension Fund's needs and ensure they are administering the intricate details of the Fund's negotiated contracts. The WMC staff takes pride in their work and it shows.

According to CEO Matt Winkel, “Wilson-McShane strives to offer top-quality service. Staff members answer all calls live and attempt to provide services immediately. There is not a call center, and customer service is provided by the same individuals who process the work. Relationships are built by having members speak directly with the representative who is handling their business.”

Equally significant is that WMC trains, preaches and believes that what they do is important and exciting work. Providing accurate and timely benefits to the men and women in the labor movement who have worked hard to retire in dignity is a great mission, and WMC strives to instill that philosophy in their employees. The WMC employees are excited and honored to have the opportunity to service the NRIPP and NRISPP and our members. ■
